

CHORUS

The sea began to rollin'
The ships they could not land
I heard a captain cryin'
"Please save a drownin' man!

CHORUS

The waters like some river
Came rushin' to and fro
I saw my father drowning, Lord
I watched my mother go!

CHORUS

Now Death, your hands are icy
You've got me on my knees
You took away my mother – now
You're comin' after me.
