

I CAN SEE IT ALL SO CLEARLY

Ken opened our May Second Saturday Concert songwriter's circle with this fine original. Having heard Ken perform it for six or seven years now, it's still one of my favorites. You can substitute an **F** chord for the **Fmaj7** Ken plays at several points if you want a more folky feeling, instead of the shimmering **Fmaj7**. You can hear Ken perform this song with Karen Mal on his excellent CD, ***Catfish Moon***, or here: https://youtu.be/ND6bgqfvxWk?si=AH2pa7_OA5Yligl4
